

To our business partners

SIEBTECHNIK GmbH and the sister companies of the global TEMA Group have been closely linked for many years. To the outside world, however, this hasn't been that clear. With the new corporate identity we have now organized a uniform approach to the global markets.

As of 1 January 2019, SIEBTECHNIK and the TEMA companies in the Netherlands, USA, England, France, Spain, China and Australia will be appearing uniformly under the following new corporate identity.

With this change we aim to establish a consistent global presence with a strong brand, a clear message, a clear language and a common goal:

To serve you even better in future!

For more information about our new corporate identity please visit our relaunched website after 1 January 2019.

Yours sincerely
